

Never Say I Love You

The Righteous Brothers

Hey baby, are you sleeping?
There's something I think we oughta talk about
I can't put my finger on it, but honey
I know there's something wrong

It's the same hello you gave me
When I came home tonight
Your kiss was warm and tender
And the same arms held me tight

Now you laying right here beside me
Something that you always do
Oh, it isn't what you say that's been givin' you away
I just know that I'm losing you

You can tell me that you need me
That you're feeling it deep inside
You can go through all the motions
Of a woman who's satisfied

Spend your life pretending
It's as good as it was before
But you never say I love you anymore

We're a pretty good combination
In everybody else's eyes
They see us both together
Only we know the truth, only we know the lie

You can tell me that you need me
That you're feeling it deep inside
You can go through all the motions
Of a woman who's satisfied

Spend, spend your life pretending
It's as good as it was before
But you never say I love you
I love you anymore

You can tell me that you need me
That you're feeling it deep inside
You can go through all the motions
Of a woman who's satisfied

You can tell me that you need me
That you're feeling it deep inside
You can go through all the motions
Of a woman who's satisfied
