

How It Feels

The Slackers

Do you remember
How it feels
To be lonely
Oh, so lonely
Do you remember
How it feels
On your own

Man if you did
Maybe you wouldn't
Take your sweet love
Just for granted
If you did, then
Maybe you'd just
Go back home

Hey mister, don't
You think twice
You don't have to
Be so nice
You don't have to
Jump just every time she calls

Mister, take
My advice
She don't have to
Be nice
She don't have to
Be anything for you at all

Well, do you remember
How it feels
To be lonely
Oh, so lonely
Do you remember
How it feels
On your own

Are you searching the world
Looking for wisdom
Man, won't you tell me
Where there is some

Hey, man, won't you tell me how does it feel
Way up on top
Of the world now
Won't you tell me
Living life
Without a care
I ain't been there
Forever
And I really
Can't remember
Won't you tell me
What it feels like way up there

And mister, do you remember

How it feels
To be lonely
Oh, so lonely
Do you remember
How it feels
On your own

If you remember
Maybe you'd just
Go back home
Go back home
Go back home
You'd just go back home
