

## Uncle Noahs Ark

The Wiggles

A long long time ago  
As all you folks should know  
Uncle Noah, built himself an ark  
Uncle Noah: Now that's a boat, folks.  
For 40 days and nights  
The rain was quite a fright  
The animals nearly tore the ark apart  
The ducks went quack  
The cows went moo  
The rooster cock-a-doodle doo  
The old tom cat sure raised an awful row, MEOW!  
The little pig oink  
The billy goat bah  
The bull frog says biggest rain we ever had  
Uncle Noah's ark, is a mad house now  
(Animal noise)  
The horses and cattle, and foul of the air  
Even the long eared, donkey was there hehaw  
The ducks went quack  
The cows went moo  
The rooster cock-a-doodle doo  
All were there at Uncle Noah's ark  
(Animal noise)  
The ducks went quack  
The cows went moo  
The rooster cook-a-doodle-doo  
The old tom cat sure raised an awful row, MEOW!  
The little pig oink  
The billy goat bah  
The bull frog said biggest rain we ever had  
Uncle Noah's ark, is a mad house now  
(Animal noise)  
The horses and cattle and foul of the air  
Even the long ear, donkey was there hehaw  
The ducks went quack  
The cows went moo  
The rooster cook-a-doodle-doo  
All were there at Uncle Noah's ark  
But what about the unicorn?  
All were there at Uncle Noah's ark  
(Animal noise)
