

## Rue The Day

## The Wonder Stuff

I fell into your lonely room today  
But I forgotten what I came to say.  
Wished I'd been somewhere else instead,  
A place to get warm and a place to get fed.  
Oh what a way for us to spend the day....  
Happy Day oh happy, come to me, my desire,  
Come out, oh come out,  
You're the fuel to my fire.
