

# Gone

Third Day

Please forgive me  
I don't mean to be rude  
But I gotta keep moving  
I sure wish I could stay  
But I gotta keep doing  
What I've been called to do

And don't forget me  
Long after I'm gone  
And I'm just a memory  
I hope you can recall  
What I was saying  
Was nothing but the truth

Well, I'm gone  
It was nice to meet you  
But I'm gone  
I'm sure gonna miss you  
But I've got to keep moving on  
I can't stay in one place too long  
Say a prayer for me  
I'm gone

Thank you so much  
You've been so kind  
And I can't say enough  
Of all the places I've been  
This is one  
That I just don't want to leave

Gone like the wind and I'm not sure  
When I'm coming back, will you want more  
God only knows where I am going  
And just what tomorrow brings
