

Numb

Thunder

You tell me there's one thing, tearing down the love that we have
And how you sacrificed something, that you never lived the dreams that you had
So if I stare at the floor, the same as before
Please forgive me, I can't hear you anymore

Well, something's going on in my head, but I'm not there
like I'm drifting away
And something going on in my heart, but I don't care
I can't face it again, I'm numb with the pain that I feel

I don't know what I did, but I never held you back like you claim
Now that I see, I guess some one's gotta shoulder your pain
With everything that you said, every bitter regret
Every poison arrow is flying over my head

Well, something's going on in my head, but I'm not there
like I'm drifting away
And something going on in my heart, but I don't care
I can't face it again, I'm numb with the pain that I feel

Numb with pain that I feel

Uh, mmm, yeah

If I stare at the floor, the same as before
Please forgive me, I can't listen you anymore

Well, something's going on in my head, but I'm not there
like I'm drifting away
And something going on in my heart, but I don't care
I'm numb with the pain that I feel

(Something's going on in my head) Numb with the pain I feel
(something going on in my heart, but I don't care) Numb with the pain I feel
