

## Cindy (rotten Tanx)

Thurston Moore

peddle light - I see it's on  
I'm drivin by - in my fat mobile  
now I know - what it's like  
to be a germ - it's shot down deer  
oh buy again - it's buy again  
fun is me - yeah it never ends  
pick it up - and push it in  
rub it out - it's a soldier

cinema goes down again  
Clint does not move an inch  
ESP will work it out  
open yr windows give a cindy shout - to me

rock and roll - it's a shame  
that you did - all you did bored plain (?)  
seek it out - on the grass  
fun is me - it's Sashi fresh  
purple jack - purple crap  
look at me - and sip your sap  
pin up boy - pittty the hoar  
that rocks a bath - on a cold dish  
soon behave  
I wanna be  
not today  
but some time real soon  
lock me up  
in your bathroom  
come and shout  
and latch the backdoor - for me

sipping wine - sipping lies  
to be sure - it's a worthy cause  
fun and games - running things (?)  
I can't stay - his share is hot  
hotter than hell - sets right style  
burnin rubber - on the A.M. dial  
with me up - another time  
and now I know - I'm blazed out  
soon behave  
I wanna be  
not today  
but some time real soon  
fox on the run  
foxy light world  
roll another one  
and burn the light girl - for me
