

# Oh Jackie

Tiffany Darwish

Somewhere down the road  
A radio is playing  
Every song's reminding me of you  
I wonder where you are tonight  
Jackie I'm wishing I could turn back time  
I can't believe this is really you

Oh Jackie say it isn't true  
Tell me that I'm not just  
someone you outgrew  
Oh Jackie say it isn't true  
Is this the way love ends  
Is this the way it happens  
Do all these feelings simply fade away  
It's hard for me to understand  
Jackie I thought that I was your best friend  
It's not like you to turn and walk away  
Oh Jackie say it isn't so  
Tell me that you never meant to let me go  
Oh Jackie am I all alone  
Oh Jackie say it isn't true  
Tell me that I'm not just  
something you outgrew  
Oh Jackie, say it isn't true  
Oh Jackie  
Where ever you may be tonight  
I wonder when you close your eyes  
Have you forgotten me

Oh Jackie say it isn't so  
Tell me that you never meant to let me go  
Oh Jackie am I all alone  
Oh Jackie say it isn't true  
Tell me that I'm not just  
someone you outgrew  
Oh Jackie, say it isn't true  
Oh Jackie  
Oh Jackie  
Somewhere down the road  
A radio is playing  
Can't believe it's really you  
Jackie say it isn't true  
Is this the way love ends  
Oh Jackie is this the way  
love really happens
