

I Don't Know What To Do With Myself

Tim Maia

I don't know what to do with myself Baby since you've been gone
I don't know what to do with myself I just love you, baby please come back

Meu destino é amar, Meu destino é amor, A vida só vai valer se
pra onde eu for vier você

I don't know what to do with myself Baby since you've been gone
I don't know what to do with myself I just love you, baby please come back
