

Cedar Shakes

Timber Timbre

We will be warm
We'll build a home with a beam of a barn
The fenced-in farm
oh city, city, gonna be more
I know for sure
We're movin' out past the field of corn
The fenced-in farm
oh city, city, gonna be more

I lay awake
Oh timber, timbre, and the cedar shakes
I lay awake
Oh timber, timbre, and the cedar shakes

and how long 'til we push and pull
and how long 'til we're without people
how long 'til we eat up fear
and how long 'til we move like dear

and how long 'til the spinnin' stops
and how long 'til the cult is dropped
how long 'til my teeth fall out
how long 'til we scream and shout

how long do we push and pull
and how long 'til we're without people
how long 'til we eat our fear
and how long 'til we move like dear

how long?x13

I lay awake
Oh timber, timbre, and the cedar shakes
I lay awake
Oh timber, timbre, and the cedar shakes
