

# While You Are Young

Tom Cochrane

While you are young  
While you are here  
Don't unpack your things while you are young

Waiting for that train to come  
While on the other track one's come and gone  
A different way  
Holding back for that better shot  
While thinking 'bout all that you're not  
Time slips away  
Keep your eyes wide open now

While you are young  
While you are here  
Don't unpack your things while you are young

Standing by while watching waiting watching waiting  
Hesitate what you waiting for  
It'll never come like water watching water waiting  
Water waiting to boil  
Your high time is wasting now

While you are young  
While you are here  
Don't unpack your things  
While you are young  
Keep your eyes wide open now

While you are young  
While you are here  
Don't unpack your things  
While you are young  
Keep your eyes wide open now  
While you are young
