

A One Story Town

Tom Petty

I'm for standin' up, I'm breakin' free
I'm don't want fate handed down to me
Yeah I'm for movin' on, try another town

[Chorus:]

Oh, I'm lost in a one story town
Where everything's close to the ground
Yeah the same shit goes down
Nothing turns around
It's one story town

She was only seventeen
But I held her to her word
'Had to push her luck
Thought she couldn't burn

No it didn't hurt me
When she had to leave
She had a far away feeling
Wasn't part of me

[Chorus]
