I Should Have Known It

I shoulda known it I shoulda seen Leave it to you To treat me mean

Every promise was just a runaround I shoulda known it Yeah, you're gonna let me down Well it's over now, you see It's the last time you're gonna hurt me

I shoulda known it Hard to believe It was all right there In front of me

Sold down the river Left for dead Yeah, you're puttin' ideas In another man's head And it's over now, you see It's the last time you're gonna hurt me

Thanks for nothin' Yeah, thanks a lot Go ahead baby Take all I got And it's over now, ya see

It's the last time you're gonna hurt me It's the last time you're gonna hurt me **Tom Petty**
