

Christmasland

Tony Bennett

Come along, follow me
Let me take you to Christmasland
It's a place very near
Where you find your own wonderland
Waiting there for you
You will see all the friends you knew
Santa Claus will be there
There'll be toys and some mistletoe
All the things that you loved as a child
Many years ago
Come and take my hand
We'll find happiness
Let's go to Christmasland
Come and take my hand
We'll go, you and I
To find our Christmasland
