

## Got the Gate on the Golden Gate

Tony Bennett

Went for a walk on day alone  
Down around the bay  
I guess you could say that it was fate  
How else could I have met my love  
On the Golden Gate?

She strolled along the bridge, and she  
Was the cutest pigeon, gee  
Did you never palpitate?  
Well, you'd have swooned to see her there  
On the Golden Gate

I looked into her eyes  
And foggy skies were clear  
Just when I thought love was here  
What a switch  
Along came a Cadillac  
It stopped and she got in back  
Alas and alack, she had a date

I finally found the love I longed for too late  
I have no gold and got the gate on the Golden Gate

I hung around to see if she would reappear  
But no such luck and now it's clear I'm a goner

Now every day I stroll along  
Down around the bay  
I guess I'll simply chalk it up to fate

And that's what happens to you when you don't rate  
I had no gold and got the gate on the Golden Gate
