

# Then Was Then and Now Is Now

**Tony Bennett**

Then was then  
And now is now  
Don't look back  
You can't look back somehow  
Sweet was sweet  
But not so bitter now  
Then was then  
And now is now  
You forgive  
And I will too  
Let's forget  
Unhappy times we knew  
We'll come out  
All shiny, bright and new  
Then was then  
And now is now  
Now, now we can win  
No matter what might have been  
Now we can begin again  
For then was then  
And now is now
