

# Beulah Land

Tori Amos

Beulah Land  
Got a wasted gun  
Liberation man  
Some you are  
Sometimes  
Got something in that saying  
Beulah girl  
You better hitch me up

Got some candy  
And sweet saying  
Give me religion  
And a lobotomy  
Beulah land  
Beautiful home  
Tell me when  
I don't need you anymore

Said that somewhere  
You're gonna get something  
You're so  
You're right in the middle  
And then I'm you  
Something is coming back again  
I said  
You  
Maybe I don't wanna go  
To where you're not

So  
Beulah land  
Gonna find me a warm  
Place to bathe  
This body on down  
Got a rubber boat  
And a crocodile  
Gonna float on past your home

And say when  
Just say when  
Just say when
