Battle of the minds
Cries Below
Cries Above
You must pick a side
Will you choose fear?
Will you choose love?

[Chorus:]
What does it look like
This orbital ball
From the fringes of the Milky Way?
What does it feel like
This orbital ball
On The fringes of the Milky Way?
Raining flavor
I've seen flavor, flavor, love

Whose God then is God?
They all want jurisdiction
In the book of Earth
Whose God spread fear,
Spread love?

[Chorus]

Turn up the frequency

[Chorus]

Spread that flavor
Flavor [3x]
