

When can we get together again?  
Nevermind, I've lost you

How can I tell if I love you anymore  
Nevermind, I know I do

Call you closer to my arms  
You'll feel better when you're warm

Do you like it when you leave your house?  
Do you like it when you're in a town?  
That you love  
Like one I live in  
Like one I live in

It's my body's plan

I feel another  
Timer  
Will my love  
Slow down

It's my body's plan

Make another telephone call  
Think of you and me
