

# Love Will

Trace Adkins

When we can't find the time to spend  
Bein' lovers and best of friends  
When we can't seem to make it work  
When we can't find the words

Love will  
Love will  
Love will  
Love will

There'll be times that we disagree  
About the way things are supposed to be  
When we can't find a common ground  
When we can't work it out

Love will  
Love will  
Love will  
Love will

Ashes to ashes, dust to dust  
Earthly possessions turn to rust  
And when the world won't recall our names  
One thing will remain

Love will  
Love will  
Love will  
Love will  
Love will...
