Tracie Spencer

I think I caught your fever  
I felt it right away  
I had the urge to tell you  
But I still shyed away  
& since you never told me  
Then how was I to know  
That you felt like me  
To the third degree  
& you didn't wanna let me go

The closer that you get to me  
The more I wanna make you see  
That you'll never find a love like mine  
I think about you all the time  
The closer that I get to you  
The less I feel I have to prove  
That you'll never find a love like mine  
I really need you in my life  
Closer

Emotions secondary  
My body loved you first  
It's in the way you touch me  
It only makes it worse  
I can't control this feelin'  
You're hittin' on my nerves  
Let me guide you to the place  
If you wanna taste  
Cuz my love will fill you up

The closer that you get to me  
The more I wanna make you see  
That you'll never find a love like mine  
I think about you all the time  
The closer that I get to you  
The less I feel I have to prove  
That you'll never find a love like mine  
I really need you in my life  
Closer

Close to me  
Is where you need to be  
Cuz I can give you what you need  
I'll never turn away  
Here for you  
So tell me what you wanna do  
Be close to me  
Cuz my love is all you need

The closer that you get to me  
The more I wanna make you see  
That you'll never find a love like mine  
I think about you all the time  
The closer that I get to you  
The less I feel I have to prove  
That you'll never find a love like mine  
I really need you in my life
