

It's All How You Look At It

Tracy Lawrence

A little boy on a big jet plane
Taking off in the pouring rain
They're bouncin' 'round like a basketball
He says "Mama what if we fall?"
She looks in those big scared eyes
"Son think of it like a circus ride"
Next thing you know he's laughing out loud
Saying do it again as the wheels touched down

I guess It's all how you look at it
You might see more than the side that you're seeing
Turn it upside down and shake it up a bit
It could be a good thing
Its all how you look at it ya ya

Businessman playing air guitar
He always dreamed he'd be a superstar
Quits his job and starts singing at night
Is he giving up his living or taking back his life?

I guess it's all how you look at it
You might see more than the side that you're seeing
Turn it upside down and shake it up a bit
It could be a good thing
Its all how you look at it

You've got your opinions and I've got mine
Can we agree to agree at least some of the time?
A glass half empty is a glass half full
And thats what makes life beautiful

I guess It's all how you look at it
You might see more than the side that you're seeing
Turn it upside down and shake it up a bit
It could be a good thing
It's all how you look at it
It's all how you look at it
You might see more than the side that you're seeing
Turn it upside down and shake it up a bit
It could be a good thing
It's all how you look at it.
