In three in the morning it's time to cut  
Sometimes she like it soft but not as much as she like it  
When a nigga straight beat it up  
She don't care where I put it at, long as I put it back  
Deep down, deep down in that puddy cat  
If you ain't never had a freak a leak in your life  
I suggest you get you one cause ain't nothin' like a

That do all the tricks and could do what she do to a dick

Take ? superb that'd make you sick  
Can't imagine who the fuck taught her this shit  
Everybody wanna know who the hot chick is  
I was with in the video in the blue outfit  
I don't wanna tell a nigga how to find a bitch  
I might try and find a ho myself, how you love that there  
I keep 'em all to self, I don't like to share  
Unless they determine that they into that  
Being the man I am I'm a let them help their self  
And just hope that I live to tell it, I'm good for that  
Every now and then it's good to reflect  
And think back to all the hot twat that you done hit  
Or you done licked, any nigga say that he ain't did it  
He a lying ass son of a bitch, haha
