

Hot Blooded

Tygers of Pan Tang

Look in my eyes, tell em no lies
Say what you got to say,
Sick of it all can't wait your call
Don't wanna waste my life away

Woah - all I wanna know
What's it all worth? What's it all worth?

Don't wanna fight - don't care who's right
I'm scared to face another day
Alone by myself or with you again life can never be the same

Woah - all I wanna know
What's it all worth? What's it all worth?
Woah - all I really know she makes me

Hot Blooded - Oh yeah baby she makes me
Hot Blooded - Oh yeah baby she makes me
Hot Blooded - Hot Blooded - Hot Blooded

Farewell goodbye, words can't describe
The feelings are just too strong
I'm down on my knees
I'm begging your please
Love can never be so wrong

Woah - all I wanna know
What's it all worth? What's it all worth?
Woah - all I really know she makes me

Woah - all I wanna know
What's it all worth? What's it all worth?
Woah - all I really know she makes me
