

# There It Is

Tyrone Davis

Here I am with tears in my eyes  
I can't help but to cry at  
The sight just caught my eyes

I just got the surprise of my life  
When I stumbled upon my wife  
Smiling with another guy

Nobody could have made me  
Believe what my own eyes had seen  
Honey, but there it is, there it is

I followed them to a little old place  
While they sit right down  
And order taste

I couldn't believe that this was true  
The girl sitting there could really be you  
Oh, kissing, squeezing that other guy

Nobody could have told me that  
That you would do this behind my back  
Honey, but there it is, there it is

Oh, baby, baby, why you  
Wanna treat me like this, baby

It hurt me so bad  
The pain I just couldn't hide  
The tears started falling  
Down from my eyes

Here I stand with  
My heart in my hand  
I didn't know what to do  
So I just turned and ran crying  
Lonely, hurting inside  
Now I'm all alone

Nobody could have told me that  
That you would do this behind my back  
Honey, but there it is, there it is

I'm hurting so bad  
Honey, the pain, I just can't hide  
Oowee, baby, I'm hurting inside  
Why you gotta treat me like this, honey
