By the sacred grove, where the waters flow We will come and go, in the forest

In the summer rain, we will meet again We will learn the code of the ancient ones In the forest

By the waterfall, I will hold you in my arms We will meet again by the leafy glade
In the shade of the forest

With your long robes on, we will surely roam By the ancient roads, I will take you home To the forest

In the forest, in the forest In the forest, in the forest

With your long robes on, we will surely roam By the ancient roads, I will take you home again To the forest

Satisfy the soul baby Birds sing all day long of the mother lode We can let it roll, in the forest

With your long robes on
I know where you're coming from
By the big oak tree you've gotta come and go with me

In the forest, in the forest In the forest, in the forest

By the waterfall
I will hold you in my arms, and we will meet again
By the leafy shade, in the, in the forest

Satisfy the soul Birds sing all day long of the mother lode We can surely let it roll, in the forest

With your long robes on I know where you're coming from We will surely roam, down by the ancient roads
