When There Was Me And You

Vanessa Hudgens

It's funny when you find yourself Looking from the outside I'm standing here, but all I want Is to be over there Why did I let myself believe Miracles could happen 'Cause now I have to pretend That I don't really care

I thought you were my fairytale A dream when I'm not sleeping A wish upon a star that's coming true But everybody else could tell That I confused my feelings With the truth When there was me and you

I swore I knew the melody That I heard you singing And when you smiled you made me feel Like I could sing along. But then you went and changed the words Now my heart is empty I'm only left with used-to-be's And once upon a song

Now I know you're not a fairytale And dreams were meant for sleeping And wishes on a star just don't come true Cause now even I can tell That I confused my feelings With the truth Because I liked the view When there was me and you

I can't believe That I could be so blind It's like you were floating while I was falling And I didn't mind

Because I liked the view Oooh oooh I thought you felt it too When there was me and you
