

Tonight

Vic Damone

I got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back to life
I got my Kangaroos on, on my way to go visit you
'Cause you been doing me wrong, but that doesn't matter tonight

'Cause I been thinking a long time about the things that we did
right
I can't go on living in a world I know is gone

Tonight

Tonight

We're gonna lay down our arms tonight

'Cause half my heart's in the stereo and the other half's screw
ed on tight

Tonight

Tonight

We're gonna lay down our arms tonight

'Cause half my heart's saying "Let it go" and the other half st
ays to fight

I got my radio on behind the box of my cereal
And it's a pretty cool song for bringing me back...

To life

Tonight

We're gonna lay down our arms tonight

'Cause half my heart's in the stereo and the other half's screw
ed on tight

Tonight

Tonight

We're gonna lay down our arms tonight

'Cause half my heart's saying "Let it go" and the other half st
