

Innocence Gone

Warrant

Oh yeah

I was young and green
She was perfect seventeen
school I then.
Tellin the think my heart
We don't find a place to stop
Show you what I'm feelin.

Here we all away, all night long
One bottle of that
and now innocence was gone.

She saved that feeling too
Should I know what we should do
I think I found the perfect
Yes a place dark
and even we found a place to park
I'm get in time hot.

And we all away, all the way, all night long
One bottle that and now innocence was gone.
Now we all the way to our favorite song
broke that our innocence was gone.

Said sex and love will make it
So no right now is so good and I can't stop shaking
I was young and green
She was perfect seventeen

Here we all away, all night long
One bottle of that
and now innocence was gone.

Innocence was gone
Innocence was gone.
