## **Heartaches Older Than You**

## **Waylon Jennings**

I've had a life time of memories like you I couldn't get over even if I wanted you It's really not somethin' I don't wanna do But I've got heartaches older than you

I've seen that kind of look in other eyes before This time may be different I'm not sure Do you really understand what your young heart desires If you're just playin' around, you're playin' with fire

I've had a life time of memories like you I couldn't get over even if I wanted you It's really not somethin' I don't wanna do But I've got heartaches older than you
