

# I Fall In Love So Easily

Waylon Jennings

You don't know what's good for you  
You won't leave me alone  
I know you've got a family  
Sleepin' at home.

Don't make me go out of my way  
don't tempt me please  
Don't you be so nice to me  
I fall in love so easily.

I'm all alone and need someone  
I guess that it shows  
But the things you make me want to do  
I'll regret I know.

So don't say things that you don't mean  
'Cause I just might believe  
Don't you be so nice to me  
I fall in love so easily.

I'm gonna leave tonight with you  
Go on and have your fun  
I don't want to be a part  
Of what I might have done.

I'm tempted when I think about  
The things that might have been  
And I'll admit I'd like to try  
But I know I couldn't win.

And so instead I'll say goodbye  
I know it's time to leave  
'Cause you been so nice to me  
And I fall in love so easily.

'Cause you been so nice to me  
I fall in love so easily.

'Cause you been so nice to me...
