

Shooter's Theme

Waylon Jennings

Shooter you are a friend of mine
I never know for sure what's on your mind
Your imagination's working overtime but I don't mind
Shooter you are a friend of mine.

You've got the whole world by the tail
A little puppy on your trail
You even have a friend no one can see
Not even me.

Shooter you are a friend of mine
I never know for sure what's on your mind
Your imagination's working overtime but I don't mind
Shooter you are a friend of mine.

You're my son it's plain to see
Your mom says you're a lot like me
And I wouldn't have it any other way
Shooter you are a friend of mine.

Even though you are a child
Your life makes my life worthwhile
Shooter you are a friend of mine
Shooter you are a friend of mine...
