## Woman Let Me Sing You a Song

## **Waylon Jennings**

Woman let me sing you a song
Woman let me sing you a song
That tells how you've done me wrong
So it's your fault if it's long.
Woman let me sing you a song.

Well, the neighbors all say I run around Yeah. the neighbors all say I run around But baby if I do I'm still miles in back off you Woman let me sing you a song.

You tell our friends I drink too much Now the whole town knows I drink too much But the reason why I drink Is a thought you make to think Woman let me sing you a song.

Woman let me sing you a song Woman let me sing you a song I said I'd die for you And I have the time or two Woman let me sing you a song.

Now, woman I've done sang you my song...
