

She's My Baby

Wayne Hancock

Well I got a little gal about five feet tall
One hot mama and that ain't all

She's my baby (she's my baby)
I'm her daddy (I'm her daddy)
We're both goin' steady
So you'd better leave my baby alone
We gotta little shack 'bout right off Main
Roof don't leak when it starts to rain

She's my baby (she's my baby)
I'm her daddy (I'm her daddy)
We're both goin' steady
So you'd better leave my baby alone
We gotta little shack 'bout right off Main
Roof don't leak when it starts to rain

(Texaco!)

(Stay away from my gal)
(Stretch it out)
She's my baby and tell you this much
You can look at my candy but you'd better not touch

She's my baby (she's my baby)
I'm her daddy (I'm her daddy)
We're both goin' steady
So you'd better leave my baby alone
We gotta little shack 'bout right off Main
Roof don't leak when it starts to rain

(Uhn-uh brother)

(Ooh baby)
Well I got a little gal about five feet tall
