

# The Story of Your Life

We the Kings

The story  
Of your life is so twisted  
'Cause someone out there is missing  
Everything you do

You're wasted  
Nothing ever really makes sense  
If you keep searching you'll find me  
Hidden inside you

Leave behind your troubled eyes  
See brand new what I can do  
Just say yes if you really want me to

We can stay like this or go, go, go  
We can take it too fast or take it slow  
We can spend our lives oceanside  
Or count the stars in the desert  
On a magic night  
You can lie awake in bed  
Or come and sleep with me instead  
If you give me one chance to take your hand  
I'll fill the empty pages as you write  
The story of your life

The story  
Of your life is unwritten  
So put me down as your ticket  
Don't even fight it

You're shaking  
You're not sure of the ending  
But let me be the beginning  
Just put it in writing

Leave behind your troubled eyes  
See brand new what I can do  
Just say yes if you really want me to

We can stay like this or go, go, go  
We can take it too fast or take it slow  
We can spend our lives oceanside  
Or count the stars in the desert  
On a magic night  
You can lie awake in bed  
Or come and sleep with me instead  
If you give me one chance to take your hand  
I'll fill the empty pages as you write  
The story of your life

This is now, no I don't mean maybe  
Just wanna scream and call you baby now  
Take a chance and call me crazy  
Smile kid, there's only one way out

We can stay like this or go, go, go  
We can take it too fast or take it slow

We can spend our lives oceanside  
Or count the stars in the desert  
On a magic night  
You can lie awake in bed  
Or come and sleep with me instead  
If you give me one chance to take your hand  
I'll fill the empty pages as you write  
The story of your life
