

Lagavulin

Wide Mouth Mason

Let me slide in your direction
Let me poke you full of holes
Let me mimic your inflections
Let me strike up all your poses
Let me curse you with my sickness
Let me cure you with my love
Add my randomness and chaos to the things that you're
sure of

Who do I think that I'm foolin'
With my weed and wine and lagavulin
It'll never come out right
When I get with you tonight
And I wonder what the hell it is I'm doing

Let me show you what I'm good for
Let me find out what you're not
Let me piece it all together
From the things that I forgot
Let me hold on to this picture that you cut yourself
out of
Let me paste a perfect copy
On the the track marks of our love

Maybe I'll be alright

Who do I think that I'm foolin'
With my weed and wine and lagavulin
It'll never come out right
When I get with you tonight
And I wonder what the hell it is I'm doing

Please snap out of it
Just snap out of it
Please step out of it
Just walk away from it
Please snap out of it
Just snap out of it
Please walk away
You're not fooling anyone

Maybe I'll be okay
But in an hour or so I won't know what to say

Choking on the details
And there's screaming everywhere
'Til the blown out voices whisper
Maybe you're not even there

Oh maybe I'll be okay,
But in an hour or so I won't know what to say

Who do I think that I'm foolin'
With my weed and wine and lagavulin
It'll never come out right
When I get with you tonight
And I wonder what the hell it is I'm doing

Who do I think that I'm foolin'
And I wonder what the hell it is I'm doing

Who do I think that I'm foolin'
And I wonder what the hell it is I'm doing
