

## Good Understanding

Willie Dixon

Now, when you see two women  
Runnin' hand in hand  
And neither one a-worried  
About the other one's man

They got a good understandin'  
Yes, a good understandin'  
You know a good understandin  
Can make ev'rything alright

Now, when you see two dogs  
Nawin' on the same bone  
It ain't no growlin'  
An a-fightin' goin' on

They got a good understandin'  
Yes, they got a good understandin'  
You know a good understandin  
Can make ev'rything alright

(sax & instrumental)

Now, when the lamb and the lion  
Can lay side by side  
An rover lick the tom cat  
In his eye

They got a good understandin'  
Yes, they got a good understandin'  
You know a good understandin  
Can make ev'rything alright

Yes, a good understandin  
Can-a make ev'rything alright.
