## **A Penny for Your Thoughts**

## Willie Nelson

Memories are haunting you and they're making you feel blue Darling a penny for your thoughts

Are you thinking of the past and a love that didn't last Darling a penny for your thoughts

And it hurts me so to see the sorrow written on your face And I hope and pray that some tomorrow I can take his place But if someday we should part you can say a broken heart Offered a penny for your thoughts

And it hurts me so...
Offered a penny for your thoughts
