

It Turns Me Inside Out

Willie Nelson

In a way I'm glad it's over even though it's gonna hurt me once
you're gone
But I can learn to live without you give me time and I can make
it on my own
Loving you to me came easy and losing you will change my life n
o doubt
In a way I'm glad it's over but another way it turns me inside
out
In a way I guess it's better although there's nothing good at go
odbye
But I know I couldn't hold you
Now you found your wings and you need room to fly
It's for sure I'm gonna miss you but I guess that's what goodby
e is all about
In a way I'm glad it's over but another way it turns me inside
out
On the one hand I know I'll be better off once you're gone
But I find a lot of heartaches on the other
And I can't say that I look forward to those nights I'll be alo
ne
And I wonder if there'll ever be another
Loving you to me came easy and losing you will change my life n
o doubt
In a way I'm glad it's over but another way it turns me inside
out
In a way I'm glad it's over but another way it turns me inside
out
