

## Small Black Reptile

Wire

Sporting effects  
In a small black reptile  
Broadened at the shoulder  
And swing at the hips

Room for a big fish  
A crack of whips  
Demander of service  
And generous tips

Narrow in the eye  
And puller of wool  
The bow on the purse strings  
Diaries full, arrangements fixed

A crossing of arms  
The sucking of cheeks  
The appetite rich  
From scaling peaks

Badges of office  
Extensive plates  
Cultivating pets  
Expensive dates
