

## You Prayed To God For Mercy

Wizard

Hunted by your thoughts  
Signed by your own sickness  
You're asking why  
Waiting for your death

You're praying to god plead for mercy  
Your life was too short but nobody grants you

You prayed to god for mercy  
You prayed to god for a sign  
But in your last hour  
You know he is not there

Your body will corrode  
You lay suffering  
Pumped full of drugs  
falling in oyur last sleep

Death is coming now  
The torture has an end  
You are laying in your grave  
"Thanks god for your life hah!"
