

## Erased Existence

Wormrot

Fucking erased,  
No way you are coming back  
And start your bullshit again.  
Fuck off now,  
You don't need to be here bastard.  
Forcing yourself to be  
In the coolest generation,  
Forgetting the fact that  
Everyone want to watch you burn  
Erasing your existence.  
You are nothing to us  
But just a plain f\*\*king wall.
