```
Make up your mind
Don't you want me like I?
I wanna feel that
Touch that haunts me every night
It felt so right
I just want you, you know why
I just want you, there's no hiding
I just want you, do you want me?
So far away, another night alone
Another day, another telephone call home
But one day, I'm gonna find a way to
I'll make you stay in my arms till ever after comes
You are the one
I just want you, there's no denying
I just want you, there's no hiding
I just want you, do you want me?
Got a feelin' that it's time to make a change
Got a feelin' that things can't stay the same
I feel my heart losing control
Don't you want me to?
I just want you, you know why
I just want you, I just want you
Do you want me?
I just want you, you know why
I just want you, I just want you
Do you want me?
I just want you, I just want you
I just want you, do you want me?
