

# It's Never Easy To Say Goodbye

Wynonna Judd

Jimmy climbs on board that ol' yellow bus  
It sure looks big in his little eyes  
His momma waves, as her tears kick up the dust  
It's never easy to say goodbye

Julie Rae in her pearl white wedding gown  
Has found her wings and it's time to fly  
It's all her dad can do to keep from breakin' down  
It's never easy to say goodbye

It ain't easy to ever say goodbye  
It ain't easy lettin' go of the ones you love  
But believe me, we'll meet again by and by  
If not here then somewhere up above

I've had some friends that I lost along the way  
They've been called on down the line  
Though their time was short, I think about them every day  
It ain't easy to say goodbye

It ain't easy to ever say goodbye  
It ain't easy lettin' go of the ones you love  
But believe me, we'll meet again by and by  
If not here then somewhere up above

Now the time has come to go our separate ways  
It's alright if you wanna cry  
Though I know we'll meet again someday  
It's never easy to say goodbye

It ain't easy to ever say goodbye  
It ain't easy lettin' go of the ones you love  
But believe me, we'll meet again by and by  
If not here then somewhere up above
