

## Chains, Whips & Bars

XV

How we go from Who's that? to That's who!?  
Gave the game life when it had less sole than flat shoes  
Heart of a king, blood of a slave, a hundred chains  
Sixteen bars that prison guards could not contain  
We put on ice as soon as we get hot  
And carry heavy metal just in case we slip, not  
These kids rock like we Kid Rocks of hip hop  
And if you hope that it stops then kick rocks in flip flops  
CD's fill bins like Regis, but we still treated like animals  
Right? No PETA  
Maybe 'cuz we shine like a Las Vegas ?  
Cuz we all pack heaters. They in drive, two seaters  
Hittin' one city but I rent two cars  
Damn Big, did we take it too far?  
This is Ozymandius' chain going too hard  
We are slaves to our vain man, look at the scars  
But I got...

Chains, whips, bars, see?  
So tell me why I feel so free  
So tell me why I feel so free  
So tell me why I feel so free (x2)

It's hard to quit the bull, they be on some Jordan shit  
Cuz when really do it, you don't choose it, you were born to do  
So I choose for my fam' and you, Florida shit  
And I'mma kill a nigga on some Dexter Morgan shit  
I promise momma that college wasn't just for the kid  
Cuz I master the trophies you don't box up in storages  
Nobody ever sang my praises, amazing  
Now I'm hopping up on stages where they all singing my choruses  
Chains, bars and whips. Y'all ball cuz no umpire would ever call THEM  
hits  
That y'all spit out y'all lips  
I spit out my soul, you just spit out your spit  
I'm going for the globe at the end of my wrist  
North Pole on my twelve, South Pole on my six  
Vizzy on tock, bad bitch on tick and it just won't stop  
If you don't know that boy sit cuz he's got

Chains, whips, bars, see?... (2x)

While everybody struggles to be so free  
I can't take these chains off me  
I can't take these chains off me  
I can't take these chains off me (x2)

Chains, whips, bars, see?... (2x)
