

# Juggathon

Young Scooter

I get 'em everyone, spring, summer, fall,  
I can make them bail, do a summer soul,  
Throw 'em in the air, watch the money fall,  
I can make the bricks to a summer sun.  
I'm on a juggathon, I'm on a juggathon,  
I'm balling with the bricks, I'm on a juggathon.  
I'm on a juggathon, I'm on a juggathon,  
Two hundred bails on my wrist, I'm on a juggathon.

In pressure making jewels, shooting basketball,  
Throw them bails in the air, free bails fall.  
I'm standing in the booth, just like Lapron Jane.  
I got 45 thousand in my gym shorts.  
I got flying past my houses like an airport,  
Every other bad freak won't you shout with me?  
That's how I like the streets, I got the recipe.  
My partner Big J on the juggathon,  
Just made it to me, go money marathon,  
Juicy say he got a jugg, he gotta take 'em all.  
You know I'm rapping pretty, then I'm dicing more,  
The messing on the city, everybody goes

I get 'em everyone, spring, summer, fall,  
I can make them bail, do a summer soul,  
Throw 'em in the air, watch the money fall,  
I can make the bricks to a summer sun.  
I'm on a juggathon, I'm on a juggathon,  
I'm balling with the bricks, I'm on a juggathon.  
I'm on a juggathon, I'm on a juggathon,  
Two hundred bails on my wrist, I'm on a juggathon.

Jugg, jugg, jugg, I'm on a juggathon  
Count, count, count, I'm a money counter,  
Welcome my jewel, house brick is in the corner,  
I get money large amounts in bags, I don't need to count them.  
I indicate I'm on a jugg, I'm a stone mountain,  
Young Scooter, diamonds clear and a water fountain.  
I get price of the year, nigga, on the street,  
Anything I do I'm a jugg the streets.  
My daughter gotta eat, I gotta feed her  
Jugg, jugg, jugg, money all I see.  
Everyday present for the jugg play  
Every day for me is jugg day.
