

# Not Ballin

Young Scooter

Are you hearing the streets?  
Are you seeing the streets?  
It's that 10-17 brick squad shit  
That hood rich shit, nigga  
Salute to all the hustlers out there  
So much money out here  
You gotta be a clown, if you ain't getting none, nigga!  
Hood nigga!

I can't lie, God I ain't been to church in weeks  
Call me zoo keeper, Guccie all the birds I keep  
I'm sendin work so cheap, never can't be deep  
They call me Jose and we ain't about the cliques I pick  
And your brother keep me screaming borrowed a lot from  
me  
You'll hang around me long enough, you'll learn a lot  
from me  
My whip this soft like this chicken raw chilling in my  
loft  
All the boys sipping from the source, but I don't have  
a cup  
Put this voice, I'm a call er back, yea I'm a double  
back  
If you try, I'm a say goodbye and leave her in my trap  
That gutta make that pull it by the tracks, hit em from  
the back  
Gave them a taste, tell them take a taxi, I pay the tax  
It's Gucci!

Hopping out the Rrari like I'm Liberace  
You a bitch over girl and a nigga bout that pussy  
Brought a 40 in the club and I shoot up the party  
If you leave me with the wars you are not balling  
You are not balling yeah, you are not balling, no!  
If you're out with your partner, you are not balling  
You are not balling, you are not balling!  
If you still live with your momma, you are not balling!

10-17 brick squad, we got word!  
Scooter and Gucci flex too much, we remix dip this  
shirt  
Free water whip, we water whip, do tricks with that  
dope  
We wanna come in all the hood, that send it to yo dope  
I got the recipe to the streets, who wanna blow?  
I keep the frigerator, twenty bricks, jump out the  
flow!  
Calculate a homie, I make drugs after the show  
Three hundred thousand in my pocket, got my pants  
hanging low  
Got my head up in the drop, you know my blood stay on  
go!  
Choosing thirds, I'm on the sky, money whippin I'm on  
that boat  
I got cocaine fires 22, I let em go  
I'm a dope boy, I take a brick for a show!  
Let's go!
