

# Ghost

ZZ Ward

(Woo-ooh, woo woo-ooh...)

Hear the Devil call out my name  
Broken promises, burning flames  
Frozen hearts in a lover's grave  
God knows, darlin', god knows I gave

Don't tell me she didn't mean nothing  
Can't take back that bad you did to me  
Say goodbye, goodbye to everything  
We're ghosts, do-doo-doo..  
We're ghosts, and I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

I'm dancing on her grave

Scared forever, you were my life  
Boy, your ring up on my left five  
I got truth that cuts like a knife  
Fool me once, you won't fool me twice

Don't tell me she didn't mean nothing  
Can't take back that bad you did to me  
Say goodbye, goodbye to everything  
We're ghosts, do-doo-doo...  
We're ghosts, and I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

We're ghosts, and I'm dancin'

Thirty days and nights stayed  
I'd be starin' at your phone  
Lyin' to myself like it's okay you let me down  
Used to be like us against the world, but baby, now  
You and I, we're just six underground  
Got me singin'

Don't tell me she didn't mean nothing  
Can't take back that bad you did to me  
Say goodbye, goodbye to everything  
We're ghosts, do-doo-doo...  
We're ghosts, and I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

I'm dancing on her grave

(Woo-ooh, woo woo-ooh...)

Dancin' on her grave, dancin' on her grave

(Woo-ooh, woo woo-ooh...)

We're ghosts, and I'm dancin' on her grave
