Damn why'd you have to be so cool
At a time when me and ol' girl was having our problems? Oh ohh
Damn, why'd she have to be so cruel?

Did I make the wrong move?
Damn, why did you give me space?
At a time when that girl was trying to holla ohh

Why'd did you have to stay?
Why was it too late for us?

R: (2x)

Baby I should let it go
Or should I let her know
I got another on the side and she does everything right
I dont know what else to do, I'm not happy with you

As she steps in and everything I need she's giving me
I cant believe just how good she is to me
And I dont ever want her ever to stop cause I love her so much
All that I can say is
Damn
