

I want to show you how I feel  
Don't hold back  
here's my love  
Baby you're the one for me  
How can we get down tonight  
No more game lets spend some time  
Baby won't you give it to me  
Jus give it to me baby

R: You don't know what  
You do to me  
The way you touch baby  
(Girl I'm tired of playing games are you ready)  
I love it when you're on top of it  
So spread it  
(Won't you just give it to me, girl we can do it)

Hot and wet  
Girl you make me want to sweat  
When you touch me like that  
Girl you know I want to give it to you [Repeat: x 2]

Baby now it's getting late  
Don't stop now  
I can't wait  
To show you belong to me  
Know how I like it  
Take your time  
Close your eyes  
Let me show you what real love should be

R: (2x)

Now baby you don't work if you work it  
Tweak it twork it  
I feel like your every imperfection is perfect  
Luda yea what you heard is true

I'll make you do things you ain't even know you can do  
Got them weak in the knees 'cause my back is strong  
And you wonder why your girls want to tag along  
'Cause them birds are jealous

My words are embellish  
Plus they heard I kiss every curve and crevice  
I'm too hot to handle  
I rock your mantle

When I play 112 and light 16 candles  
Deep sea fishing in your favorite position  
Everytime you moan I pay close attention  
Flip 'em like a pancake

Show me something  
Or we can bring in your vibrating tongue ring  
Lets mountain climb 'til we reach the peak  
The technique will make you sweat

But don't sweat the technique

R:
